APPLICATION FOR PATENT TERM ADJUSTMENT UNDER 37 CFR § 1.705(B)

Applicants hereby petition for reconsideration of the Patent Term Adjustment (PTA) accorded the above-referenced patent application. Attached herewith is a copy of the Notice of Allowance including a Determination of Patent Term Adjustment under 35 U.S.C. § 154(b), mailed October 20, 2004, for the above-referenced application. The Notice of Allowance states that the Patent Term Adjustment at allowance is 0 days. Correction of the Patent Term Adjustment calculation to increase Applicant Delay from 199 days to 205 days, to increase PTO Delay from 0 days to 40 days, is respectfully requested. The Total (net) PTA remains 0 days.

REVIEW OF PATENT TERM ADJUSTMENT CALCULATION

A review of the Patent Term Adjustment History in the PAIR system shows that the United States Patent and Trademark Office (PTO) calculated the Patent Term Adjustment (PTA) as follows:

- 1) Applicants mailed a response to the Restriction Requirement of March 8, 2002, on April 8, 2002, which was received by the PTO on April 16, 2002. Applicants filed an Information Disclosure Statement on May 23, 2002, which was received by the PTO on June 4, 2002, thereby according an Applicant Delay of 49 days for a supplemental response. Applicants concur with this patent term adjustment calculation.

Date of Deposit

- 2) Applicants mailed a response to the non-final Office Action of June 18, 2002, on December 17, 2002, which was received by the PTO on December 23, 2002, thereby according an Applicant Delay of 96 days for a delayed response. Applicants concur with this patent term adjustment calculation.
- 3) Applicants mailed a response to the non-final Office Action of March 10, 2003, on June 11, 2003, which was received by the PTO on June 13, 2003, thereby according an Applicant Delay of 2 days for a delayed response. Applicants concur with this patent term adjustment calculation.
- 4) Applicants filed an Information Disclosure Statement on August 1, 2003, which was received by the PTO on August 4, 2003, thereby according an Applicant Delay of 52 days for a supplemental response. Applicants concur with this patent term adjustment calculation.
- 5) Applicants mailed an RCE in response to the Notice of Allowance of September 30, 2003, on December 30, 2003, which was received by the PTO on January 5, 2004. No Applicant Delay was accorded for this response. On the basis of good faith and candor, Applicants submit that there may be an error in the calculation of Applicant Delay with regard to this action, and that an Applicant Delay of 6 days for late response may be required.
- 6) The PTO mailed a Notice of Allowance in response to Applicants' May 10, 2004, RCE, on October 20, 2004. No PTO Delay was accorded in connection with this action. Applicants respectfully submit that the PTO's calculation of PTO Delay contains an error and that the correct PTO Delay is 40 days, as outlined further below.

STATEMENT OF THE FACTS

On May 7, 2004, Applicants mailed a Request for Continued Examination and an Information Disclosure Statement (copies enclosed). The documents were received by the PTO on May 10, 2004, as evidenced by the PTO date-stamped return receipt postcard (copy enclosed). Under 35 U.S.C. § 154(b)(1)(A)(ii), the PTO has four months from the date a reply under 35 U.S.C. § 132 is received; thus, the PTO should have issued its next action by

September 10, 2004. Its next action, a Notice of Allowance (copy enclosed), was not mailed until October 20, 2004.

DOCUMENTS ENCLOSED

A copy of each of the following documents is provided herein:

- 1) Notice of Allowance mailed October 20, 2004; and,
- 2) Request for Continued Examination and Information Disclosure Statement mailed May 7, 2004, and PTO date-stamped postcard indicating receipt date of May 10, 2004.

REMARKS

In consideration of the events described above, Applicants believe that, while the Total (net) PTA calculation of 0 days is correct, the calculations of PTO Delay and Applicant Delay are incorrect. Applicants respectfully request reconsideration of the patent term adjustment calculation in the following manner:

- 1) Total PTO Delay should be calculated as 40 days (for a delayed response to Applicants' May 10, 2004, RCE); and
- 2) Total Applicant Delay should be calculated as 205 days (49 days for submission of a supplemental response on June 4, 2002; 96 days for submission of a delayed response to the Office Action dated June 18, 2002; 2 days for submission of a delayed response to the Office Action dated March 10, 2003; 52 days for submission of a supplemental response on August 4, 2003; and, 6 days for submission of a delayed response to the Notice of Allowance dated September 30, 2003).

Therefore, Applicants respectfully request, in good faith and candor, the addition of 6 days of Applicant Delay, thus increasing Applicant Delay from 199 days to 205 days.

Applicants also respectfully request the addition of 40 days of PTO Delay, thus increasing PTO Delay from 0 days to 40 days. The Total (net) PTA of 0 days remains unchanged.

Notice of Fee Increase on October 1, 2004

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after October 1, 2004, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" because some fees will increase effective October 1, 2004. See Revision of Patent Fees for Fiscal Year 2005; Final Rule, 69 Fed. Reg. 52604, 52606 (May 10, 2004).

The current fee schedule is accessible from WEB site (<http://www.uspto.gov/main/howtofees.htm>).

If the fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due" but not the correct amount in view of the fee increase, a "Notice of Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice of Pay Balance of Issue Fee," if the response to the Notice of Allowance is to be filed on or after October 1, 2004 (or mailed with a certificate of mailing on or after October 1, 2004), the issue fee paid should be the fee that is required at the time the fee is paid. See Manual of Patent Examining Procedure (MPEP), Section 1306 (Eighth Edition, Rev. 2, May 2004). If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously-paid issue fee should be paid. See MPEP Section 1308.01.

Effective October 1, 2004, 37 CFR 1.18 is amended by revising paragraphs (a) through (c) to read as set forth below.

Section 1.18 Patent post allowance (including issue) fees.

(a) Issue fee for issuing each original or reissue patent, except a design or plant patent:

By a small entity (Sec. 1.27(a))..... \$685.00

By other than a small entity..... \$1,370.00

(b) Issue fee for issuing a design patent:

By a small entity (Sec. 1.27(a))..... \$245.00

By other than a small entity..... \$490.00

(c) Issue fee for issuing a plant patent:

By a small entity (Sec. 1.27(a))..... \$330.00

By other than a small entity..... \$660.00

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.
